*The Alberta & North Chapter of IPMA-Canada is very pleased to offer this luncheon session facilitated by Corinne Gowers of EmployAbilities.*

## The Presentation

Corinne Gowers, Case Manager, will present a new resource entitled “Hired” - an interactive CD that is a comprehensive digital media source of information, resources and tools for employer around hiring for ability and working with disabilities. It includes a range of information from recruitment and retention tips to creating a diversity friendly workplace and much more. This CD has received great reviews on its use ability.

## About EmployAbilities

EmployAbilities is a non profit organization that works with individuals with a medical condition, disability or youth with barriers to employment. Participants must be unemployed or underemployed and ready, willing and able to work. EmployAbilities provides the training, tools and support needed to connect with employers and succeed in today's job market.

EmployAbilities's success in placing people with disabilities in jobs stems from our ongoing efforts to understand the demands of today's workplace and respond to today's employers' needs. We have built strong working alliances with the business community and connections to individual employers and business associations. As a result, employers know they can trust our services and become repeat customers. Visit the website: [www.employabilities.ab.ca](http://www.employabilities.ab.ca)
